Clean, easy, reliable operation

Simple operation for quick results

Enjoy fast and simple control of all your print jobs with the 6123cp. The user-friendly control panel has logically located function keys and an easy-to-understand menu system, giving you instant access to all functions, from making masters to printing.

From black & white to spot colour in 1 simple step

Switching between colour and black and white drums only takes a minute, which means making flyers or printing spot colours has never been easier.

Easy replacement of consumables

Master rolls, inks, colours and paper can all be changed quickly and simply, in a clean, fast and straightforward operation.

Connect directly to your PC

With PC connectivity as a standard, the Rex-Rotary 6123cp produces duplicates directly from your PC. Master making and printing are combined in one fully automated system. Apart from pressing 'start' and placing the paper stock, no operator involvement is required. All of which means you save valuable time while maximizing the quality of your prints.

Durability, reliability, confidence

The Rex-Rotary 6123cp is designed to give you high quality prints time after time. With reliability as standard, now you can enjoy fast results at an affordable price.
