Use colour to add emphasis and impact to documents when you need it

Fast multifunctional performance plus optional double-sided printing for increased productivity

Quick and direct photographic printing from digital cameras

The added impact of colour output

We all understand the immediate impact of brilliant colour. Now the MP C1500SP brings vivid colour to everyday documents, giving you the power to create instant visual appeal when you need it. Newsletters can be enhanced through the use of colour images, and colour graphs, charts, spreadsheets and presentations will grab the reader's attention and be easier to read. You can also connect your digital camera to the MP C1500SP for direct colour output of photographic images. Let the effective use of colour add detail and clarity to all your office documents.

'All-in-One' multifunctionality

The versatile MP C1500SP makes the need for separate devices a thing of the past. It can meet all the network printing, copying, scanning and faxing needs of the busy general office and streamline document distribution with highly efficient Scan-to-Email and Scan-to-Folder features. Now you can perform all your essential daily tasks, adding colour when you want it, from one device and contract.

Impressive performance

Boost your productivity and meet all your deadlines with the MP C1500SP's impressive 15 pages per minute (ppm) black and white and 6 ppm colour output. Quality innovations, including fast warm-up, paper handling up to A3 size and a wide print head, maximize the performance of the MP C1500SP and ensure excellent output.

The MP C1500SP maintains high performance with optional double-sided output for printing and copying, helping to save paper and conserve resources. Paper capacity can be increased with optional paper trays, and thicker papers can be handled for more distinctive covers and presentations.

Fast, easy installation

User-friendly features include separate cartridges that ensure trouble-free maintenance. With a Network Interface Card and USB2.0 as standard, the MP C1500SP is the ideal choice for businesses requiring seamless connection to all major networks. Further connectivity options including Wireless LAN and Bluetooth are available for organizations using the latest mobile technologies.

Effortlessly produce high-quality documents

Rex-Rotary's RPCS printer driver makes the MP C1500SP incredibly simple to use. Its icon driven interface allows you to simply click to repeat previously saved or common output settings, such as double-sided or 2-Up printing.

In Harmony with the Environment

Our products are designed to be kinder to the environment. We are committed to developing technologies that conserve energy and help prevent global warming. Our aim is to reduce the impact on the global environment, whilst continuing to enhance user comfort levels. The MP C1500SP reduces unnecessary paper consumption by offering double-sided paper saving features to reduce the energy and paper used.

Outstanding Software and Services

Complementing the MP C1500SP, Rex-Rotary offers a superb range of Software Solutions and Services, which are designed to add value and ensure that our devices continue to operate seamlessly and reliably. Covering all aspects of your business, including document management, network control, consultancy, training and unrivalled support, these innovative products and services offer a tailor made solution to improve productivity, workflow efficiency and cost control throughout your organization.
